Dear original 80 Pledge signers –

Great news: **more than 9,000 people have now signed** the *Pledge to Fight for Jobs, Sustainable Prosperity and Economic Justice* you helped to launch – thanks to several outreach efforts. We'd like your help to give many more people the opportunity to sign.

We want to share the following info and outreach ideas:

1. As you know, the Pledge points to a platform of 11 planks – from Jobs for All to Rescuing Democracy – and we plan to promote actions to advance the debate on the entire platform. We will also share info, actions and links to the work of many groups.

**If you have suggestions, please send to Jacob Sorrells ([sorrellsjl@gmail.com](mailto:sorrellsjl@gmail.com)).**

2. If you have a big **email list**, please consider sending an email. See sample email at very bottom of this message.

3. **Tweets and Facebook sharing:** Here's an easier thing to do: take one of these sample tweets, make it your own – and post to your Twitter or Facebook feeds. Many of you have LOTS of friends and followers.

That's the idea: spread the word – with the link that allows your friends to sign.

Best, Roger Hickey (202) 270-0300

**Here are several sample tweets and Facebook posts.** Note: every one has the link, <http://campaignforamericasfuture.org/sign-up/>, which will display the graphic with it.

Here's the email that got most of the 9,000 + signers:

**PLEDGE TO FIGHT FOR AMERICA'S FUTURE**

Dear Roger,

We should be rebuilding America – to create jobs – to end our dependence on fossil fuels – to guarantee health care and free college education for all – and to achieve racial and social justice.

Instead, we have had to mobilize to stop Donald Trump and his corporate cronies from doing even more damage to people and our economy. Thank you for working to build the resistance movement.

But RESISTANCE IS NOT ENOUGH.

That's why more than 80 prominent progressive leaders signed a Pledge:

- We will fight for an **Agenda for Good Jobs, Sustainable Prosperity and Economic Justice.**
- And we will build a movement to make that agenda a reality.

These first 80 signers released the Pledge on February 21.

**Will you join them and sign the Pledge here?**

Before you sign, you can see the signers – and what we have to say about our 11 point agenda.

1. Jobs for All – Created by Rebuilding America
2. Invest in a Green Economy
3. Empower Workers to Reduce Inequality
4. Opportunity and Justice for All – With Focus on Communities Harmed by Racism
5. Guarantee Women's Economic Equality
6. High-Quality Public Education – Pre-K to University
7. Medicare for All – And Shared Economic Security
8. Make Corporations and Wealthy Pay Their Fair Share
9. A Global Economic Strategy for Working People
10. Close Wall Street's Casino

## 11. Rescue Democracy from the Special Interests

**Please add your name to this growing movement.**

And join other leaders, among them Former Labor Secretary **Robert Reich**, economists **Thea Lee**, **Robert Pollin** and **James K. Galbraith**, black activists **Rashad Robinson** and **Janet Dewart Bell** and **Dedrick Asante-Muhammad**, feminist leaders **Gloria Steinem**, **Nita Chaudhary** and **Toni Van Pelt**, think tank directors, **Heather McGhee**, **Dorian Warren**, **Chuck Collins**, and **Angela Glover Blackwell**, environmental activists **Bill McKibben**, **Annie Leonard** and **Michael Brune**, labor leaders **Leo Gerard** and **Larry Cohen** and **Randi Weingarten**, business leaders, like **Leo Hindery Jr.** and **Charles Rodgers**, activists and public intellectuals, like **Manuel Pastor**, **Maria Echaveste**, **Jeff Faux**, **Heather Gautney**, **Eddie Glaude Jr.**, **Zephyr Teachout**, and **Naomi Klein** – and leaders of resistance movement groups, including **MoveOn**, **People's Action**, **Democracy for America**, **GameChangers**, **Progressive Change Campaign Committee**, **Center for Popular Democracy Network**, **Public Citizen**, **Working Families Party**, **Ultra-Violet**, **Progressive Democrats of America**, and **Our Revolution**.

**Please add your name to this growing movement.**

Like you, the people who have launched this Pledge are busy – helping lead the Resistance to Trump. But they know we can't beat Trump only by opposing him. Most Americans want to hear our plan for sustainable prosperity. And they want to know the strategy for getting a majority in Congress to rebuild our country. That's why signers are pledging to devote some of their time and efforts to building a movement for jobs, growth, and sustainable prosperity. **Will you sign the Pledge with them?**

Real change begins with a clear and coherent vision of a better America, and with citizens' movements dedicated to bringing that world into being. We offer this agenda for economic change in that spirit.

And if you join us, we will be back in touch with things you can do to build this movement.

Best,

Roger Hickey
